

## Client Relationship Summary

### Your relationship with Impact Partnership Wealth, LLC

#### Introduction

Impact Partnership Wealth, LLC (“IPW” or “we” or “our”) is an investment adviser registered with the U.S. Securities and Exchange Commission (“SEC”). We offer our clients investment advisory services. You should understand that the services we provide and fees we charge are different than those of a broker-dealer, and that it is important for you to understand the difference between the two. Free and simple tools are available to research firms and financial professionals at [www.investor.gov/CRS](http://www.investor.gov/CRS), which also provides educational materials about broker-dealers, registered investment advisers, and investing.

#### What investment services and advice can you provide me?

**Description of Services:** We offer the following investment advisory services to retail investors: (1) *Asset Management Services:* IPW provides this service as either direct asset management services, where one or more of our investment adviser representatives (individually an “IAR” and collectively “IARs”) are solely responsible for all investment decisions and the management of your account(s), or where our investment adviser representatives use our internal investment committee and/or third-party, non-affiliated model managers (who we evaluate, select, and monitor) to manage and trade your account(s). We will discuss your investment goals and design a strategy to try and achieve your investment goals. We will continuously monitor your account when providing asset management services and contact you at least annually to discuss your portfolio. We typically provide asset management services through a wrap fee program. However, if we serve as a sub-adviser to your primary investment adviser, your primary adviser may direct us to provide service on a non-wrap fee basis. Asset management services are provided on a discretionary basis, meaning we or the model manager(s) will have the authority to determine the type and amount of securities that can be bought or sold for your portfolio without obtaining your consent for each transaction. For more information about investment authority, please see Item 16 of our Form ADV Part 2A. (2) *Financial Planning Services:* We also provide financial planning and consulting services. Financial planning services involve us creating a written financial plan for you which covers mutually agreed upon topics. Financial consulting is used when a written financial plan isn’t needed. It involves one time and/or ongoing meetings to discuss your financial situation. Please see *Item 4* of our *Form ADV Part 2A* for more information about Asset Management and Financial Planning services.

**Limited Investment Offerings:** We do not primarily recommend one type of security to our clients. Instead, we recommend investment portfolios designed to be appropriate for each client relative to that client’s specific circumstances and needs.

**Account & Fee Minimums:** There is no minimum account balance requirement for our services.

For additional information about our services, please see *Item 4* of our Form ADV, 2A Brochure (Part 2A) available at: <https://adviserinfo.sec.gov/>

**Conversation Starters:** Given my financial situation, should I choose an investment advisory service? Should I choose a brokerage service? Should I choose both types of services? Why or why not? How will you choose investments for me? What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

#### What fees will I pay?

**Description of principal fees & costs:** Fees charged for individual and model portfolio management services are charged an annual fee based on a percentage of assets under management and is billed in arrears monthly. The fee is calculated based on the average daily balance of your account during the billing period and are deducted from your account. There is no minimum account balance requirement for this service. We typically provide asset management services through a wrap fee program. With a wrap fee program, the fee you pay us covers our advisory services and the transaction fees. If we serve as a sub-adviser to your primary investment adviser, your primary investment adviser may direct us to provide service on a non-wrap fee basis. Under a non-wrap fee basis, you will be charged transaction costs separately. Since a wrap fee covers transaction expenses it tends to be higher than non-wrap fee programs. You will also be charged internal fees and expenses by the funds we invest in within your account. Fees for our selection and monitoring of third-party investment managers are included in our individual and model portfolio management services.

**Description of other fees & costs:** Depending on the respective investment adviser representative providing the service, financial planning and consulting services may be provided under a fixed-fee or hourly-fee arrangement. This is a one-time fee and may be due at the start of the relationship.

Some fee arrangements create conflicts of interest described in more detail in our Form ADV, Part 2A. It is important for you to understand that the more assets held in your account, the more you will pay in total fees. We therefore have an incentive to encourage you to increase the assets in your account. There are other fees and costs related to our investment advisory services and investments in addition to the principal fees and costs listed above that you will pay directly or indirectly. You should understand that the fees discussed above are specific to what we charge and do not include certain charges imposed by third parties, such as custodial fees, exchange traded or mutual fund fees and expenses, brokerage fees and commissions, and other fees and taxes on brokerage accounts and securities transactions.

**Additional Information:** You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For additional information, please see *Item 5* of our Form ADV, 2A Brochure (Part 2A) available at: <https://adviserinfo.sec.gov/>.

**Conversation Starters:** Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

*What are your legal obligations to me when providing recommendations as my broker-dealer or when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?*

**Standard of Conduct:** When we act as your investment adviser, we must act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the recommendations and the investment advice we provide to you. For example, we receive expense reimbursement for travel and marketing expenses from distributors of investment and/or insurance products which is a conflict of interest because it creates an incentive to recommend products and investments based on the receipt of this compensation instead of what is the in best interest of our clients.

**Additional Information:** For more information about our conflicts of interests and the ways we are compensated, please see *Items 5, 10, 12, and 14* of our Form ADV, 2A Brochure (Part 2A) available at: <https://adviserinfo.sec.gov/>.

**Conversation Starters:** How might your conflicts of interest affect me, and how will you address them?

*How do your financial professionals make money?*

**Description of Compensation/Payment of IARs:** We compensate our IARs based on the level of assets that the IAR brings to our platform. This creates a conflict of interest as it gives your representative an incentive to recommend you invest more in your account with us due to the potential for increased compensation. Our representatives may also serve as licensed insurance agents and receive commissions, incentives, bonuses, and other economic incentives for selling insurance products. The receipt of such compensation creates a conflict of interest. Some of our IARs also serve as registered representatives of a broker-dealer. When acting in this separate capacity, the representative will receive commissions for selling securities which creates a conflict of interest. IPW endeavors at all times to put the interest of its clients first as part of our fiduciary duty as a registered investment adviser.

*Do you or your financial professionals have a legal or disciplinary history?*

**Yes.** You can look up more information about us and our IARs at <https://www.investor.gov/CRS>.

**Conversation Starters:** As a financial professional, do you have any disciplinary history? For what type of conduct?
